On the Sunny Side of Life

Blue Sky Boys Key of G

1 4

There's a sunny side where no ills betide

5

There's a road that we must go

4

There is pleasant vales verdant hills and dales

5 1

Where sweet flowers ever grow

CHORUS

5

Oh the happy (happy) sunny (sunny) pretty rolling dales

Where the sweetest gladness ever there prevails (sweetest joy and gladness ever there prevails)

4

Where the sunshine ever lingers on the grand majestic hills (sunshine ever lingers on the grand majestic hills)

1 5 5

On the sunny happy side of life (on the happy sunny side of life)

There's shady dells where no gladness dwells And the clouds obstruct the view But a brighter way like the light of day Is awaiting now for you

CHORUS

Let us sing a song as we go along Let us banish care and strife That the world might know as we onward go There's a sunny side of life
